1. There's a [C//] chill wind [G//] blowing down the [F//] streets of [C//] town

[F//] Tears at the [C//] windows, pulling [G////] big trees down

All the [F//] leaves are [Am//] running, trying to [F//] cover their tracks

And the [Dm////] people are turning their [G////] backs.

And when the [G/] walls [Em/] come [F/] down

And the [G/] dark-[Em/]-ness [F/] falls

There's a [Dm////] single voice that [Gsus4 ////] calls [♩ ♩ G ♩.] We're gonna...

**[F//] Light up the [C//] night! [G//] Sing into the [C//] darkness**

**[F//] Light up the [C//] night a-[G////]-bove! Gonna**

**[F//] Light up the [C//] night! [G//] Bring us all to-[C//]-gether**

**[Dm////] Light up the night ///.. with [C] love // G// F// C//** (x2)

2. Well, I [C//] read in the [G//] paper, saw it [F//] on t-[C//]-v:

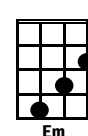

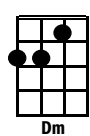

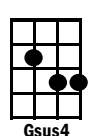

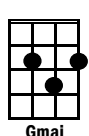

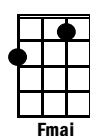

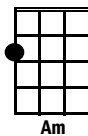

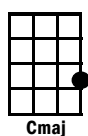

[F//] The world's a [C//] dangerous [G////] place to be

Gonna [F//] batten my [Am//] hatches, set my [F////] phaser to stun

Put the [Dm////] speed-dial to 9\*1\*[G////]\*1.

And if the [G/] walls [Em/] come [F/] down and I [G/] lose [Em/] my [F/] place

You can [Dm////] tell me to my [Gsus4 ////] face [♩ ♩ G ♩.] We're gonna...

3. It's a [C//] little bit [G//] crazy, it's a [F//] little [C//] weird  
 [F//] To make a [C//] friendship of the [G////] one you feared  
 When a [F//] downright [Am//] stranger looks you [F////] eye-in-the-eye  
 It's the [Dm////] moment to flee or to [G////] fly  
 And if the [G/] walls [Em/] come [F/] down and you [G/] say [Em/] your [F/] name  
 Things will [Dm////] never be the [Gsus4 ////] same [♪♪ G♪] We're gonna...

**[F//] Light up the [C//] night! [G//] Sing into the [C//] darkness**

**[F//] Light up the [C//] night a-[G////]-bove! Gonna**

**[F//] Light up the [C//] night! [G//] Bring us all to-[C//]-gether**

**[Dm////] Light up the night /// with [C] love // G// F// C// (x2)**

4. There's a [C//] sage wind [G//] blowing says all [F//] things shall [C//] pass  
 [F//] I hope my [C//] song will be the [G////] thing that lasts.  
 But in [F//] case it [Am//] doesn't, better [F////] sing while you can  
 If you [Dm////] dare, you can even hold [G////] hands  
 Because the [G/] wall's [Em/] come [F/] down  
     and the [G/] streets [Em/] o'er-[F/]-flow,  
 (And) if there's [Dm////] one thing we all [Gsus4 ////] know [♪♪ G♪] We're gonna

**CHORUS x2**

**[F//] Light up the [C//] night!...**
